Today's market had some mixed results but once again the mid-micron wools have being the standout with 24-26.5 micron wools increasing 45 cents clean. XBD's had a small drop of 5-6 cpkg in prices for good pre-lamb 4-5" BB and B grade fleece, B/C fleece had slight increase of 7-10 cpkg. ~ 2/S fleece probably on a par with our last sale with exporters having plenty of selection of very bright white wool on offer ~ oddments in good demand also. There were a couple of fine XBD lines sold for over 400 clean we believe this is destined to a speciality Chinese knitting yarn market.

Next Sale is in the North Island on the 8th August 2025 with 5,500 bales rostered.
